

TOP PRIORITY

No.MSA2-74988/13/ DHS

Directorate of Health Services
Thiruvananthapuram
Dated: 26/09/2014.

From

The Director of Health Services

To

The District Medical Officer (Health)
Thiruvananthapuram/ Kollam/Alappuzha/Kottayam/Idukki/
Ernakulam/Thrissur/Palakkad/Pathanamthitta/Malappuram/
Kozhikode/Wayanad/Kannur/Kasargod.

Sir,

Sub: H.S.Dept. – Additional Drugs to be included in the primary level and to sort out the issues of anomalies in the Indent of 2014-15 - Reg.

Ref: 1. No. KMSCL/17/74/2013, dated: 07/07/2014.

2. No. KMSCL/17/74/2013, dated: 29/08/2014.

- I. Primary level Institutions (PHCs & CHCs) are permitted to indent only 386 Drugs. It is informed by Kerala Medical Services Corporation Limited that many Institutions have indented additional items, but they have **not been able to issue** those items without modifying the software.

Hence you are requested to furnish the list of **additional drugs to be included** in the primary level **with drug code No.** before 10/10/2014, if required meeting may be convened with the officials of major PHCs and CHCs. (List of 386 drugs was published in the website of DHS visit notification). Details may also be e-mailed. Top most priority is to be given on this.

E-mail ID – sogmsdhs@gmail.com

- II. Various District Medical Officers have requested to revise the indent of 2014-15. There is huge difference in the annual indent and the actual requirement. Kerala Medical Services Corporation Limited has informed that they will **not** be in a position to revise the final quantity given by department.

The current situation is that the hospital authorities who did indent higher than the actual requirement is reluctant to accept the indented quantity during supply from District Ware House. If the drug is expired in the Ware House, department will be ultimately answerable for the loss.

In these circumstances, all the institutions are directed to collect the indented quantity of all available items and the excess quantity is to be reported separately along with the Indent of 2015-16 with date expiry, code number etc.

Store Verification Officers have to deduct those quantities in the indent of other institutions depends upon the shelf life.

Concerned Institutions have to transfer the excess quantity as per the instructions of District Store Verification Officers.

As it involves financial loss, District Medical Officer's are requested to give top priority on it in the next monthly conference of Medical Officers and Pharmacist.

Yours faithfully,

For Director of Health Services.
