3rd Public Health Symposium on Health Promotion

9th & 10th March, 2017

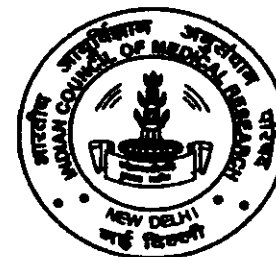

***“Ensure healthy lives & promote
wellbeing for all at all ages”***

Organized by

School of Public Health

Post-Graduate Institute of Medical Education & Research
(PGIMER) Chandigarh

In collaboration with

Indian Council of Medical Research
New Delhi

About the Symposium

3rd Public Health Symposium is designed to understand the role of health promotion in achieving the sustainable development goals and in strategizing the role of partners and stakeholders- public and private; national and international- for the same. The symposium is an excellent networking platform for stakeholders from various sectors to meet and form long lasting professional relationships for endeavors to achieve sustainable development goals using health promotion strategies for ensuring healthy lives and wellbeing.

Scope of the Symposium

India is undergoing a rapid demographic and epidemiological transition leading to increased morbidity and disability both in urban and rural populations. Health of the people is influenced by policies of many sectors and these also play an important role in the realization of Sustainable Development Goals.

Participants: Policy Makers, Program Managers, Public Health Professionals, and Academicians.

Objectives

The objectives of the symposium are:

- Review the current scenario of health promotion.
- Appraise policies and strategies of various sectors for addressing social determinants of health.
- Develop a framework for multi-sectorial actions to promote Health-in-All Policies.
- Plan strategies for strengthening health promotion teaching/training, research, and practice

Call for Abstracts

The abstract should be submitted on the following themes

1. Health Promotion
2. Health Education
3. Health Literacy
4. Health Impact Assessment
5. Multisectoral Action
6. Setting based Health Promotion

The abstract should be of maximum 500 words. It should be divided into four sections: Background, Methods, Results and Conclusion(s). The scientific committee will review the submission for their suitability for presentation. The abstract should be mailed by 20th Feb, 2017 at nidhi.jaswal@gmail.com, mini.manmeet@gmail.com

About Us

Health Promotion is a key component of PGIMER School of Public Health Chandigarh. We work in collaboration with government institutions, private sector and civil society partners to prevent disease and promote health and well-being.
