

WHAT'S THE BEST WAY TO TREAT  
CHILDHOOD DIARRHOEA?

# ZINC&ORS

Give the child **Zinc + ORS**  
and give the mother  
peace of mind.

For ALL cases of childhood  
diarrhoea, start with zinc +  
oral rehydration salts (ORS),  
proven to:

- Speed recovery
- Restore strength, energy and appetite
- Help keep children thriving

**ZINC** prevents the wilting of stool and  
shortens how long diarrhoea lasts

**ORS** rehydrates children, which  
restores strength and energy
