

GOVERNMENT OF KERALA

Abstract

Health & Family Welfare Department – Operational guidelines for the implementation of Triage system in all Emergency Departments across the State of Kerala - Orders issued.

HEALTH & FAMILY WELFARE (P) DEPARTMENT

G.O.(Rt) No.998/2020/H&FWD Dated, Thiruvananthapuram, 02/06/2020

Read: 1. G.O. (Rt.) No. 1047/2018/ H&FWD dated 28/03/2018.

2. Letter No. MSP3-21123/2019/DHS dated 03/12/2019 from the Director of Health Services, Thiruvananthapuram.

ORDER

Triage is a critical and necessary component of Emergency Department care. Triage is the prioritization of patient care based on illness/injury, severity, prognosis and resource availability. It identifies patients needing immediate resuscitation; assigns patients to a predesignated patient care area, thereby prioritizing their care; and initiates diagnostic / therapeutic measures as appropriate. As per Government Order read above, sanction was accorded for the implementation of Triage System in all General Hospitals / District Hospitals / Taluk Hospitals / Taluk Head Quarters Hospitals and Community Health Centres. Now, as per letter read above, the Director of Health Services has submitted a proposal along with guidelines for implementation of the scheme in the above institutions.

- **?**) Government have examined the matter in detail and decided to implement the above scheme in all Emergency Departments across the State subject to the following guidelines:-
- 1. All Emergency Departments shall maintain a Triage Desk and Triage Area.

- 2. The Nursing Superintendent / Head Nurse in charge of the Emergency Department shall post a Staff Nurse trained in Triage at the Triage Desk.
- 3. The Staff Nurse at the Triage Desk shall perform a systematic Triage of all the patients attending the Emergency Department & categorize them into appropriate triage categories and guide them to the respective patient care areas.
- 4. The details of Triage of each patient shall be recorded in the prescribed Triage Format. (Proforma is appended to this order)
- 5. The Staff Nurse shall notify the Doctor on Duty about the Triage category of each patient.
- 6. All Green category patients in the waiting area shall be allotted a token number and shall be examined by the doctor on duty in a Queue system.
- 7. The Staff Nurses / Interns / Residents posted in Red, Yellow and Green areas shall Re-Triage the patients in the respective areas periodically as appropriate and inform the Doctor on Duty.
- 8. The Doctor on Duty shall conduct periodic rounds in each patient care area and ensure timely referral, admission or discharge of the patients as appropriate.
- 9. The Doctor on Duty after initial assessment and stabilisation shall initiate transfer of patients requiring referral to higher centres as per the referral protocol.
- 10. The Doctor on Duty shall ensure that no patient is retained in the Emergency Department for more than 24 hours after reporting to the Triage Desk.
- 11. The Nursing Superintendent / Head Nurse in charge of the Emergency Department shall collect the duly filled Triage forms and submit it daily to the Medical Records Library.
- 12. The Institution shall maintain registers for the same.

13. A Consolidated Report shall be maintained in the Institution and forwarded to the Director of Health Services / Director of Medical Education through the Medical Officers in charge, every month.

(By Order of the Governor)
